

RAINOW PARISH COUNCIL MEETINGS DURING COVID-19 RESTRICTIONS

Viewing and Taking Part in Parish Council Meetings Online

During the ongoing Covid-19 crisis Parish Councils are now permitted to make decisions in a virtual-conferencing format because social distancing guidelines at this time prevent meetings taking place in the normal format.

As with normal meetings of the Council, each meeting is conducted in public with members of the public being able to witness the decisions being made and also contribute during any agenda item highlighted as '**Public Participation**'.

Please note that there is potential for the public to display personal data during the meeting relating to their name and their virtual image, because of this members of the public will be allowed to join the relevant meeting only once they have given the Parish Council consent to display this data during the meeting. Please also read the Virtual Meetings Privacy Policy for more information.

Any member of the public wishing to join a meeting of the Parish Council is asked to email the Parish Council Clerk on rainowparish@aol.com providing the information shown below.

Following receipt of the email of consent the Parish Council Clerk will issue a link to the meeting to allow access.

Please make requests at least 6 hours prior to the start time of the meeting. It would also be helpful if you could indicate if you would wish to speak during Public Participation.

I hereby consent to my data being visible while attending a Rainow Parish Council Virtual Meeting.

I understand that I am entitled to withdraw my consent at any time without needing to give a reason.
